ASCA Modesto (Adult Survivors Of Child Abuse)

The purpose of the ASCA meetings is to allow survivors to share their abuse and recovery experiences; to receive support and affirmation for their recovery efforts; to try out new, more adaptive behaviors and, in doing so, to better understand themselves and their recovery process. As survivors come to terms with their abuse histories and develop healthier behaviors and relationship patterns, they are able to test out some of those new patterns. The increased confidence, mastery and sense of responsibility that survivors build as a result of participating in ASCA meetings are skills that transfer to the larger world.

The network members get together to plan activities such as bailoterapia (dance group), celebrations, folklore dances, and cultural festivities. In addition, they get together to create art, support each other in their group, and by taking actions in their neighborhoods like clean-ups. The purpose of the ASCA meetings is to allow survivors to share their abuse and recovery experiences; to receive support and affirmation for their recovery efforts; to try out new, more adaptive behaviors and, in doing so, to better understand themselves and their recovery process. As survivors come to terms with their abuse histories and develop healthier behaviors and relationship patterns, they are able to test out some of those new patterns. ASCA Modesto (Adult Survivors Of Child Abuse)

The purpose of the ASCA meetings is to allow survivors to share their abuse and recovery experiences; to receive support and affirmation for their recovery efforts; to try out new, more adaptive behaviors and, in doing so, to better understand themselves and their recovery process. As survivors come to terms with their abuse histories and develop healthier behaviors and relationship patterns, they are able to test out some of those new patterns. The increased confidence, mastery and sense of responsibility that survivors build as a result of participating in ASCA meetings are skills that transfer to the larger world.
